

CARERS TRUST

Heart of England

Mission: Carers Trust works to transform the lives of unpaid carers. Carers Trust's vision is that carers are heard and valued, with access to support, advice and resources to enable them to live fulfilled lives.

Carers Trust is a UK-based charity which is the national umbrella organisation for 130 local carer services, who between them reach over one million unpaid carers every year (including many young carers).

Carers Trust partners with its network of local carer organisations to provide funding and support, deliver innovative and evidence-based programmes and raise awareness and influence policy to improve the lives of unpaid carers.

It hosts the Young Carers Alliance, a network of over 200 organisations and 700 individuals from around the world, all seeking to improve support for young carers. It also hosts the Scottish Young Carers Services Alliance, a network of over 50 young carer services across Scotland.
