

Mission: The mission of the Caregiver Action Network (CAN) is to promote resourcefulness and respect for the tens of millions of family caregivers across the country.

Caregiver Action Network (CAN) is the nation's leading family caregiver organization. We work to improve the quality of life for the tens of millions of family caregivers who care for loved ones with chronic conditions, disabilities, or diseases. CAN also supports those meeting the living needs of older adults.

CAN serves a broad spectrum of family caregivers, covering the full lifespan. This includes parents of children with significant health needs. It also includes families and friends of wounded soldiers: from a young couple dealing with a diagnosis of MS, to adult children caring for parents with Alzheimer's disease.

CAN is a non-profit organization that provides education, peer support, and resources to family caregivers across the country free of charge.
